PROFESSIONAL SUMMARY

AI Professional with knowledge of Artificial intelligence, machine learning concepts, prompt engineering, data analysis, and digital tools. Skilled in communication, problem-solving, content generation, and supporting AI-based solutions for business and educational needs. Experienced in working with modern technologies, web tools and collaborative environments with strong attention to accuracy and Productivity. Committed to continuous learning, innovation, and delivering high-quality results in fast-paced environments.

PROFESSIONAL EXPERIENCE

Cold Communication Marketing Agency LLC | USA Jan 2026 – Present
Gen AI Engineer | Remote Partnership

- Develop a Generative AI Content Optimization System with Quality Ethics Plagiarism Checks and analytics.
- Tested 20+ end-to-end API workflows to improve accuracy, clarity, engagement, and data-driven insights by 35%.

Islamia College Organization | Peshawar, Pakistan Oct 2024 – Dec 2025
Agentic AI Engineer

- Build and integrate Large Language Model (LLM) applications using AI frameworks and APIs.
- Develop multi-agent systems for task execution, planning, and autonomous operations, reducing manual workflow effort by 40%.
- Create AI workflows using tools such as Python, OpenAI Agent SDK, Lang Chain, AutoGen, Crew AI, or similar frameworks.
- Integrate AI agents with databases, APIs, cloud platforms, and enterprise systems.

Upwork Remote | Peshawar, Pakistan Feb 2024 – April 2025
AI Engineer

- Build, train, test and optimize machine learning models and algorithms.
- Analyze large datasets containing 50K+ records to identify patterns, trends, and business insights.
- Develop AI-powered applications, Chatbots, recommendation systems, and automation tools.
- Collaborate with software developers, data scientists, and business teams to understand project requirements.

KEY PROJECTS

Autonomous AI Customer Support Team 2025

- Developed autonomous AI agents for customer query handling and automated conversation management.
- Integrated Gen AI models for intelligent response generation and contextual customer interaction with improved response accuracy 30%.
- Built AI workflows for ticket classification, prioritization, and escalation management.
- Implemented Natural Language Processing (NLP) techniques for intent detection and sentiment analysis.
- Collaborated with AI Engineers, Developers, and Support Teams for Continuous Improvement.

Real-time Voice-to Voice Chabot 2024

- Developed and AI-powered real-time voice-to-voice Chabot that enables natural human like conversation using Speech output.
- The system converts user voice in to text using speech recognition, processes queries using a large language Model, and generates real-time voice responses using text-to-speech synthesis. Designed for low-latency Interaction, the Chabot supports continuous dialogue, context retention, and multilingual communication for improved user Experience.

TECHNICAL SKILLS

AI & Agentic Frameworks: Generative AI, Agentic AI, RAG, OpenAI Agent SDK, CrewAI, AutoGen, LangChain, Hugging Face Transformers.
Machine Learning & NLP: PyTorch, TensorFlow, Keras, OpenCV, Model Training & Evaluation, LLM Optimization.
Programming & Backend: Python (NumPy,Pandas,Scikit-learn), JavaScript, FastAPI, RESTful APIs,GraphQL.
Databases & Vector Tools: FAISS, Pinecone,PostgreSQL, MongoDB.
Tools & DevOps: Docker, Kubernetes, Git/GitHub, Jupyter Notebook, n8n, Claude Code.

EDUCATION

B.S. Industrial & Systems Engineering — University of Engineering & Technology (UET) Peshawar Pakistan Sep 2017 – June 2022

- Ranked among the top 5% of the batch.
- Relevant Coursework in Process improvement, Quality Control, Robotics, Data Analytics, Machine Learning, Linear Algebra and Statistics.

CERTIFICATIONS

Certifications: Gen AI Application Developer Certificate • PEC, PAKANGELS, I Code Guru, ASPIRE Pakistan Dec 2024 – Jan 2025
The Nuts and Bolts of Machine Learning Certificate – Coursera June 2023 – Dec 2023
Data Science – Coursera Feb 2023 – Aug 2023
AI devloper Certification - Micro1 Jun 2026

LANGUAGES

Languages: English (Native) • Urdu (Native)

ACHIEVEMENT

Lead International AI Hackathon (Polyglot Meeting Whisper Project)
Spearheaded the Polyglot Meeting Whisper Project, monitoring 20+International participants; ranked Top 10 globally
and cut posting-meeting turnaround by 25%.

Jun 2025
